

WINTER  
2022 / 2023

As a second-generation family business, we've gained decades of experience in the gentle processing of sheepskins and now combine our expertise with modern, sustainable ideas on environmental protection and animal welfare.

We don't just see the careful use of natural resources as a choice – we see it as our responsibility. We're based in the heart of the beautiful Westerwald mountain range, where almost all our sheepskin products are made at our local **KAISER** factory. Given our intimate connection to nature and our products, we always aspire to make sustainable and long-term plans when sourcing materials and manufacturing our items.

The quality of our products is ensured by internal controls and external QA checks at renowned institutes. Our medical lambskins and sheepskins are annually tested for harmful substances by TÜV Rheinland and meet the **LEATHER STANDARD 100 by OEKO-TEX 100 (Product Class 1)**. All materials from non-animal sources meet the **STANDARD 100 by OEKO-TEX**. No chrome tanning is used in the creation of our high-quality baby products, as this process can trigger allergies. Our main aim is to ensure the satisfaction of our customers, guarantee sustainable production by cutting transport routes and create high-quality products.

NATURE IS LOVE

## FEATURES OF OUR MEDICAL LAMBSKINS

### **Moisture balancing:**

- Lambskin can absorb up to 30% of moisture without feeling damp.

### **Natural self-cleaning potential:**

- The structure of lambskin wool fibres is designed to repel dirt.

### **Breathability:**

- The breathable fabric reduces heat and moisture, releasing absorbed sweat into the air much faster than synthetics.

### **Anti-bacterial protection:**

- As lambskin consists of 100% protein, it isn't a breeding ground for bacteria or viruses.

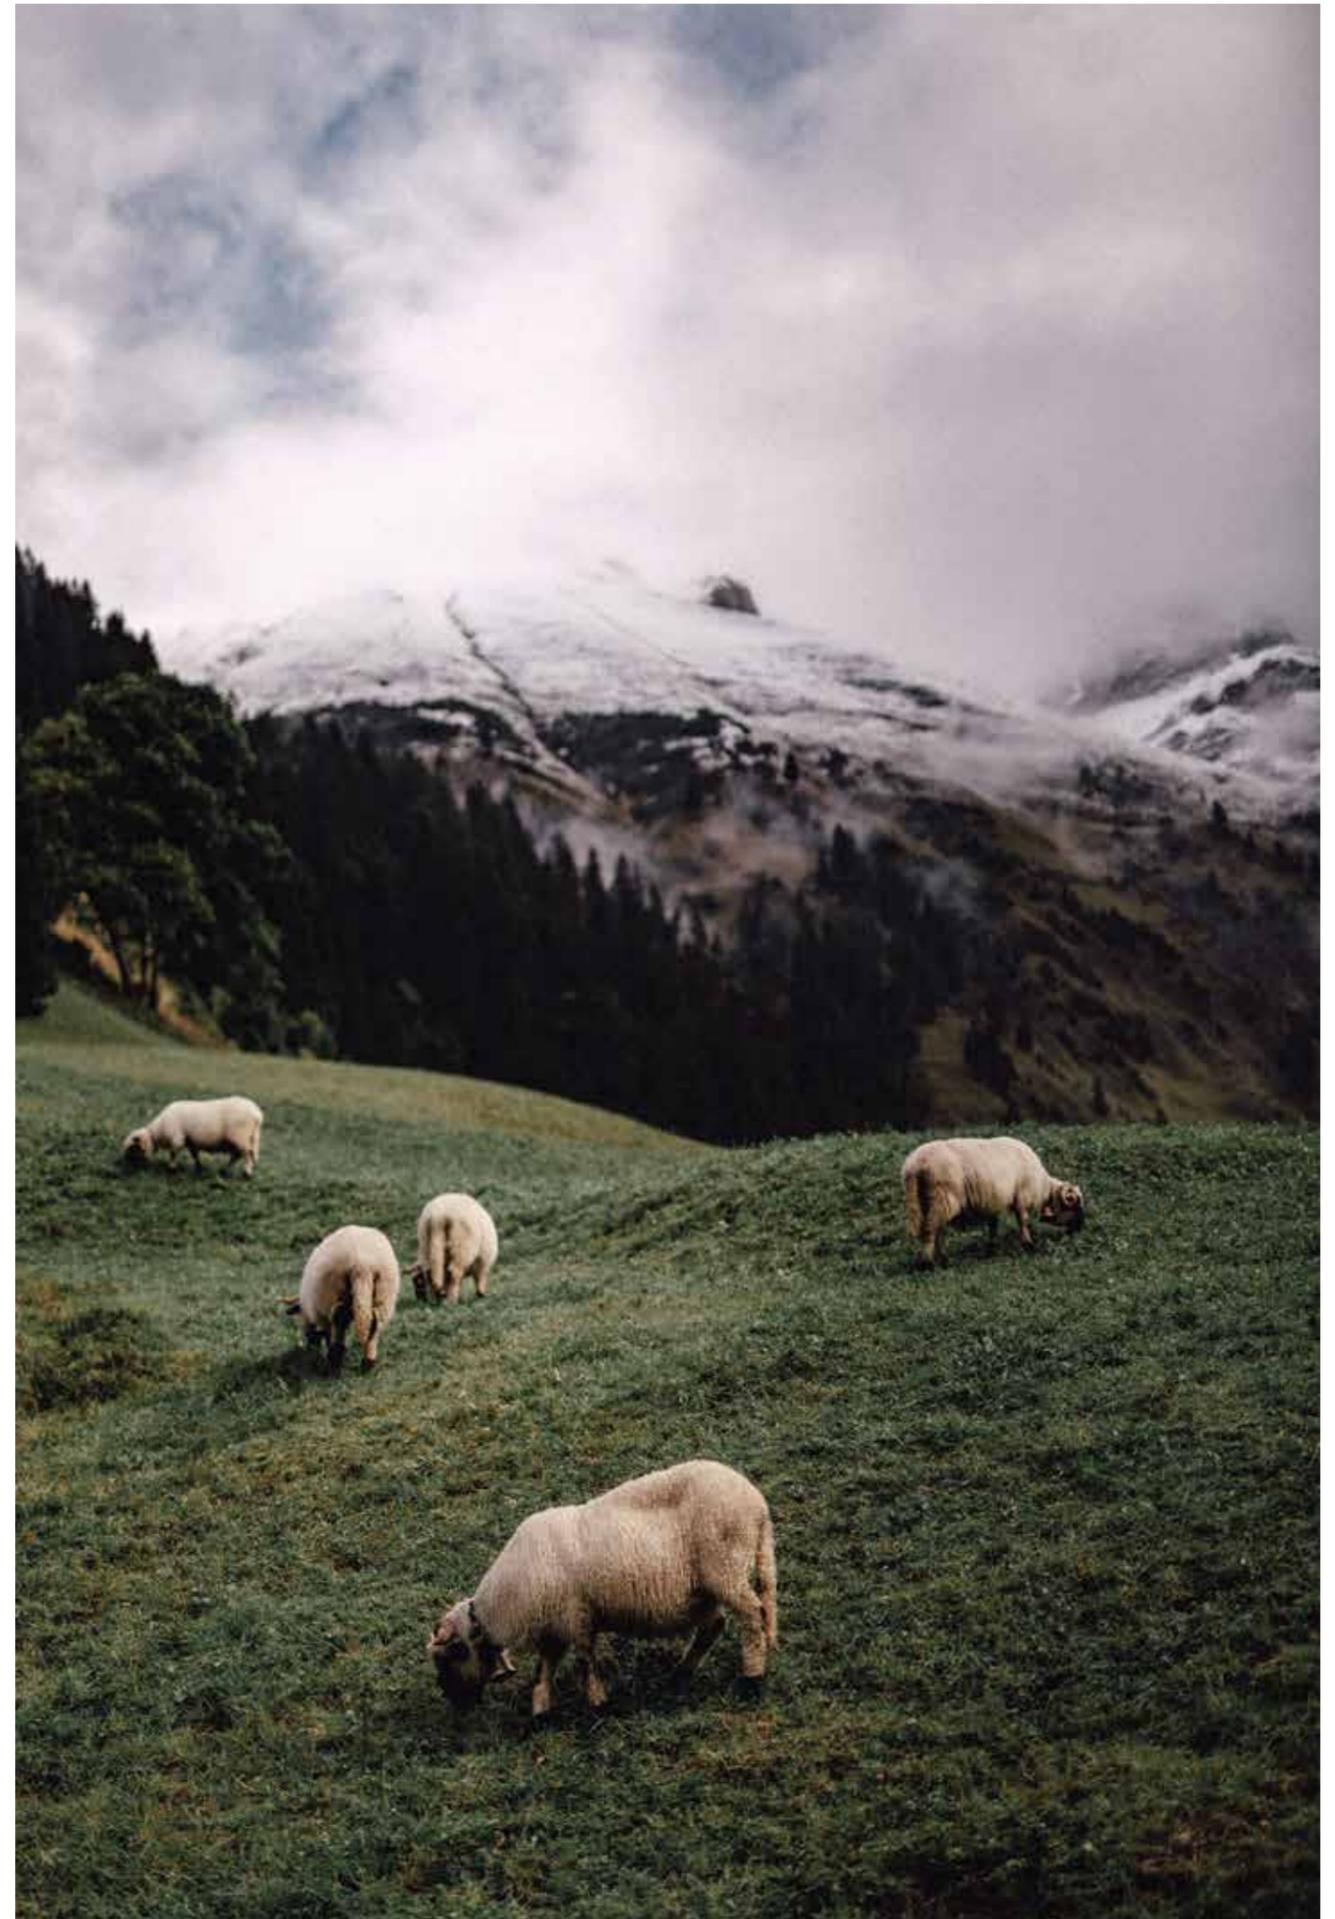

### **Soothing comfort:**

- The fabric creates the ideal space for sleeping and relaxing.

### **Temperature regulation:**

- Lambskin keeps you nice and cool on hot summer days and warm in the winter.

24

25

The down-to-earth **KAISER NATURA** footmuff with a lamb-skin flap is now available in two new colours: 12 anthracite waffle and 13 blue waffle. The textured fabric with a waffle design gives the footmuff a modern look. The lining is made of 100% lambskin. The footmuff has plenty of slots, making it suitable for almost all prams with detachable straps. Thanks to the full-length double zipper, it can also be used as an underlay. The front can be completely removed, and the wooden toggle can be used to tie the upper section into a hood. The outer fabric is made of windproof and water-resistant polyester. It can also be used in a carrycot.

Suitable for carrycots

The **KAISER NATURA II** footmuff has the same features as the **NATURA**, but it has an extra slot for the middle of the seat to enable the "PUSH THEN PULL" folding mechanism on Joie prams. It also features a dirt catcher at the bottom. Available in the following colors: 22 navy, 24 anthracite, 25 black.

**MUFFY CORD**  
65756

The trend-setting **CORD** is back! The **FILIUS CORD** is a retro-style lambskin footmuff with a whole range of important features. As cord is highly durable, it's the perfect material for a footmuff. The soft and warm fabric has a velvety shimmer. The front and back can be removed and used separately. The **FILIUS CORD** is compatible with most prams. Thanks to the smart openings positioned at different heights at the back, it can easily be adapted to pushchair seats. The lambskin will keep your baby nice and warm. The naturally breathable material wicks away moisture to regulate their body temperature. Available in the following colors: 22 dark blue sea, 24, dark grey, 25 black, 35 brown, 40 camel, 48 green

**FILIA CORD**

- The **large slot** on its long side is easily compatible with all strap systems
- The upper section can be tied into a hood using a wooden toggle
- The front can be completely removed using the fulllength zipper
- The back can also be used as an underlay on warm days
- The lambskin flap can be folded back
- Suitable for 3- and 5-point strap systems
- Available in the following colors: 22 dark blue sea, 24, dark grey, 25 black, 35 brown, 40 camel, 48 green

6 - 36 m  
SIZE 98 x 45 cm

## IGLU AKTION/ BASIC

67204

The inside of the **IGLU** footmuff is made of 100% premium lambskin. The soft material is the ideal underlay, as it absorbs and evaporates sweat to regulate your baby's temperature. The footmuff can be fully opened and turned into a play mat using the central zipper. The bottom can also be opened separately. It fits all standard prams and has plenty of slots for straps. The outer fabric is windproof, water-resistant and breathable. The upper section can be tightened into a cocoon. As our premium lambskins are sourced from European sheep, they're produced sustainably and ecologically. Our tanning process meets the LEATHER STANDARD 100 by OEKO-TEX (Product Class 1) and our products are tested for harmful substances by TÜV. Available in the following colors: 22 navy, 23 light grey, 24 anthracite, 25 black, 51 denim blue, 70 anthracite melange, 72 navy melange, 73 grey melange, 74 sand melange, 75 brown melange.

6 - 36 m  
SIZE 98 x 50 cm

## LENNY/ PREMIUM

67205

The inside of the **LENNY** footmuff is made of 100% premium lambskin. The soft material is the ideal underlay, as it absorbs and evaporates sweat to regulate your baby's temperature. The upper section can be fully removed using the two-way full-length zipper, allowing the lower section to be used separately as an underlay. The upper section can be tightened into a cocoon – its special shape ensures maximum protection in windy weather. The drawstring is kept in a safety bag. The footmuff has a non-slip back and reflective strips at the bottom. The footmuff is compatible with all standard pram models thanks to the **large strap** solution, which makes it quick and easy to attach without having to fiddle around with anything. The outer fabric is dirt-repellent, water-resistant and breathable. Available in the following colors: 22 navy, 24 anthracite, 25 black, 42 mustard yellow, 70 anthracite melange, 72 navy melange, 73 grey melange, 74 sand melange, 75 brown melange.

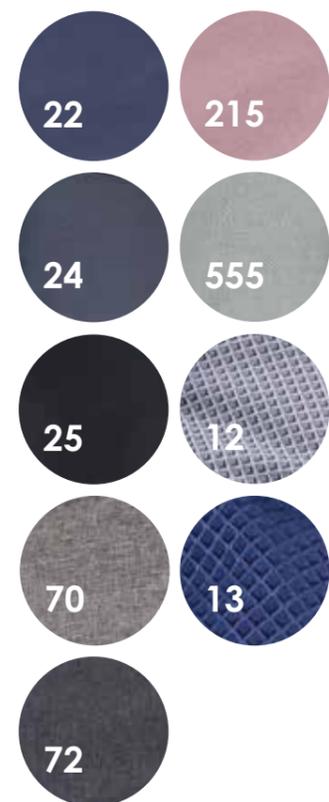

6 - 36 m  
SIZE 105 x 45 cm

## X-LARGE/ PREMIUM

67212

The **KAISER X-LARGE** lambskin footmuff is the largest in our collection. Its wide zip cover acts as a wind beater, and the dirt-repellent and water-resistant outer material ensures maximum protection in the snow, wind and rain. The high-quality lambskin on the inside keeps the cold out. The footmuff can be fully opened and used as a baby blanket. The bottom can also be opened. The footmuff features a drawstring at the top and a dirt catcher at the bottom. It can also be attached to a pram using the Velcro strip at the back. The footmuff can be quickly and easily attached to the strap systems of all standard prams thanks to the **large slot** on its long side. Available in the following colors: 12 anthracite waffle, 13 blue waffle, 22 navy, 24 anthracite, 25 black, 70 anthracite melange, 72 navy melange, 215 orchid pink, 555 ice green.

## JONA 2in1/ PREMIUM

67211

The **JONA 2IN1** is our footmuff that grows with your child! **Size 1:** for car booster seats (size 0), soft carrycots or hard baby seats (Length: 75 cm; Width: 44 cm). **Size 2:** for prams and buggies (Length: 100 cm; Width: 44 cm). The lower section can be removed using the two-way zipper, giving you a cuddly sack for your baby seat. The footmuff can be fully opened and used as a play mat. The soft and snuggly lambskin item features **a slot** on its long side, making it quick and easy to attach without having to fiddle around with anything. The wide zip cover keeps out drafts, and the outer fabric is windproof and water-resistant. Our extra-large and durable footmuff features a dirt catcher at the bottom. The bottom can be fully removed. Available in the following colors: 22 navy, 24 anthracite, 25 black, 70 anthracite melange, 72 navy melange, 12 anthracite waffle, 13 blue waffle.

# ALEX/ PREMIUM

65408

The stylish **KAISER ALEX** footmuff provides warmth and comfort on the go to make everyday life even cosier for your little one. The **ALEX** footmuff features a real lambskin lining to offer maximum protection and keep your child nice and warm. The wooden toggle can be used to tie the top part into a hood, keeping your child nice and warm in cold weather. As the upper section can be fully removed, the footmuff can be used in all seasons. Thanks to the handy side zippers, your child can skip through the park before slipping back into the footmuff. And you don't have to worry about muddy shoes, as the lower section is designed to catch dirt. The windproof and water-resistant footmuff can be opened at the bottom. The **large slot** on its long side can be used to adjust the **ALEX** footmuff to all standard prams (e.g. Joolz, Bugaboo and Joie) and the continuous strap opening fits almost all bicycle trailers. Available in the following colors: 22 navy, 24 anthracite, 25 black, 31 sand, 35 brown, 12 anthracite waffle, 13 blue waffle.

# TOFFEE/ PREMIUM

65125

Dirt protection in the foot area

Extra fastening strap

## TOFF

65126

25 black

The universal sheepskin footmuff „TOFFEE“ from Kaiser provides warmth and comfort on the go and makes everyday life even cosier for children. It is the perfect companion on cold days. Whether in a buggy or sports car. It has been tested to fit all standard strollers as shown in the Cybex. The high-quality footmuff is lined with low-emission tanned sheepskin. The sheepskin has a heat-regulating effect and has the ability to absorb and evaporate moisture. Thanks to its temperature-regulating ability, the footmuff can also be used in summer. The upper part of the footmuff can be completely removed. This transforms it into a cuddly seat pad. So the footmuff is suitable for all seasons. The outer fabric is also wind- and water-repellent. When it's really cold, the headboard, which can be buttoned into a hat with the help of wooden toggles, keeps the child warm. Thanks to the dirt protection in the foot area, the fear of muddy shoes is over! Suitable for almost every pram, buggy or bicycle trailer. You can attach the footmuff to all prams with 3 and 5-point belt systems thanks to its continuous slot guide. The additional fastening strap in the back ensures an even better hold.

The "TOFF" is the right hand warmer for the Toffee sheepskin footmuff from KAISER. Real sheepskin in coffee and maximum space ensure that mum and dad's hands are warm. The hand warmer is easy to attach to the push bar of the stroller with Velcro and you're ready to go. A wind- and water-repellent fabric was used on the outside so that snow, rain and wind do not disturb your well-being.

## FOR BUGABOO CLASSIC STYLE 2.0

65122 / natural honey

„CLASSIC STYLE Version 2022“ - special sheepskin footmuff that fits all standard Bugaboo strollers. This special sheepskin footmuff is made of 100% high-quality, real sheepskin on the inside. With its softness, thermoregulation and ability to absorb and evaporate sweat, sheepskins are an ideal base for your children. The footmuff is optimally cut in a conical seat shape, suitable for Bugaboo prams (sports carriages). The front part is completely detachable and the lower part can be used as a base. The outer fabric is dirt and water repellent and breathable. The high-quality Kaiser sheepskin comes from European sheep and is therefore produced sustainably and ecologically. Tanned according to the OEKO-TEX Leather Standard 100 Class I. Available in the following colours: 22 navy, 24 anthracite, 25 black, 31 sand, 70 anthracite melange, 72 navy melange, 73 gray melange, 74 sand melange, 75 brown melange.

New from 2022:

- 2-2 way zippers to open the foot area

## THERMOFUßSACK SHEEP PERFORMANCE

65685 / medicine

The **THERMAL FOOTMUFF SHEEP PERFORMANCE** is medical-grade fur for Bugaboo and Joolz with a matching lambskin inlay. As the footmuff has a conical seat shape, it's a perfect fit for Bugaboo and Joolz pushchairs. The outer fabric is dirt-repellent, water-resistant and breathable. The footmuff features a dirt catcher at the bottom and a two-way zipper that allows the front to be completely removed or only opened at the bottom. The footmuff can be used all year round thanks to its extra lambskin inlay, which can be kept inside the footmuff in winter and used separately in summer. The back of the footmuff can also be used as an overlay. The hood can be pulled back over the head section of the pram for additional support. Available in the following colors: 70 anthracite melange, 323 light grey melange.

## PAUL 3in1/ SPECIAL

65741

**THERMO AKTION** is a pram footmuff for children aged 6 - 36 months. It has a practical zipper down the middle. It's lined with soft fleece and has plenty of slots for straps and reflective strips at the bottom. The outer cover is water-resistant and windproof to make sure your child feels comfortable in all weathers. The upper section can be tightened into a cocoon using the drawstring.

**PAUL 3in1** – This all-weather footmuff can be used all year round. It can be quickly and easily attached to your pram through the large slot on its long side. It actually contains two footmuffs that can be used separately: The outer footmuff and the cuddly inner fleece can be used together on colder days; and the inner fleece footmuff can be used on its own for short journeys. The outer footmuff is windproof and water-resistant. The zip cover on the inside keeps out draughts and the outer footmuff has a dirt catcher at the bottom. The upper section of both footmuffs can be tightened into a cocoon. The bottom section features an extra Velcro strip for prams.

**SCHLITTI** is a special footmuff for sledges with secure fastening straps. Its outer cover is windproof and water-resistant. The warm fleece lining lets you have lots of fun in the snow. The small pocket on the outside is perfect for little items such as dummies and tissues.

**SHEEPY** is a thermal fleece footmuff with a removable lambskin inlay that will keep your baby nice and cosy. The lambskin inlay can be used separately for buggies and car seats. It's lined with soft fleece and has reflective strips at the bottom. The outer cover is water-resistant and windproof to make sure your child feels comfortable in all weathers. The bottom can be removed using the full-length zipper. The upper section can be tightened into a cocoon using the drawstring – the cord is kept in a safety bag at the top. It's made of a non-slip cotton material and has plenty of slots for straps.

## POOLY/ PREMIUM

65748

Flap for better support

**JOOSHI** is our basic thermal footmuff. It fits almost all prams thanks to the **NEW large slot** on its long side. The inner and outer fabric is made of durable and water-repellent polyester. Measuring 100 x 45 cm, it's recommended for children aged 6 - 36 months. The upper section can be tightened into a cocoon for more protection in cold and windy weather. The new flap can be simply pulled over the top of your buggy for better support. It's the perfect basic footmuff for the city. Available in the following colors: 22 navy, 24 anthracite, 25 black, 32 orange, 47 nautical blue, 320 denim blue melange, 323 light grey melange, 325 black melange.

Our thermal fleece footmuff, **POOLY**, is a real all-rounder. The straps can quickly be attached to all standard prams thanks to the **NEW large slot** on its long side. It even fits Joie prams, as the new slot for the middle of the seat makes it really easy to use the "PUSH THEN PULL" folding mechanism. The inner and outer fabric is made of durable and water-repellent polyester. Additional support is provided by the flap that can be fastened to the top of your buggy, the extra fastening strap at the back and the Velcro strap at the bottom. The handy reflector strips make you safe and seen at all times – even at dawn and dusk. As the **KAISER POOLY** is really easy to open, it can be quickly adapted to the weather conditions and your child's preferences. Maximum protection in cold and windy weather is ensured by the covered zips and top section that can be tightened into a cocoon. Its continuous strap opening fits almost all bicycle trailers. Available in the following colors: 22 navy, 24 anthracite, 25 black, 32 orange, 47 nautical blue, 320 denim blue melange, 323 light grey melange, 325 black melange.

## XL TOO/ BASIC

65763

The stylish **KAISER XL TOO** footmuff provides warmth and comfort on the go to make everyday life even cosier for your little one. It offers maximum support with the **large slot** on its long side, the extra fastening strap at the back and the flap that can be pulled over the top of your buggy. The **XL TOO** footmuff features a fluffy and snuggly Sherpa lining to keep your child nice and warm. The zipper hood gives your child extra protection in cold weather. As the upper section can be fully removed, the footmuff can even be used in spring. Thanks to the handy side zippers, your child can run and skip through the park before slipping back into the footmuff. You don't have to worry about muddy shoes, as the lower section is designed to catch dirt. The footmuff is windproof and water-resistant. It can be opened at the bottom and fully machine-washed at 40°C. Measuring 105 x 46 cm, it's recommended for children aged 6 - 36 months. Its continuous strap opening fits almost all bicycle trailers.

## LUKKY/ FOR JOIE/ PREMIUM

65764

The stylish **KAISER LUKKY** footmuff (also suitable for Joie products) provides warmth and comfort on the go to make everyday life even cosier for your little one. The **LUKKY** footmuff features a polar fleece lining to offer maximum protection and keep your child nicely warm. The drawstring hood will also keep your child warm in cold weather. As the upper section can be fully removed, the footmuff can even be used in spring. Thanks to the handy side zippers, your child can skip through the park before slipping back into the footmuff. You also don't have to worry about muddy shoes. The footmuff is windproof and water-resistant. It can be opened at the bottom and fully machine-washed at 40°C. And the **LUKKY** footmuff can be easily folded together with your Joie pram to save lots of space at home. The extra slot for the middle of the seat makes it really easy to use the "PUSH THEN PULL" folding mechanism. Available in the following colors: 22 navy, 24 anthracite, 25 black, 32 orange, 37 pink, 320 denim blue melange, 323 light grey melange, 325 black melange.

## LUKKY LOOK

65767

22

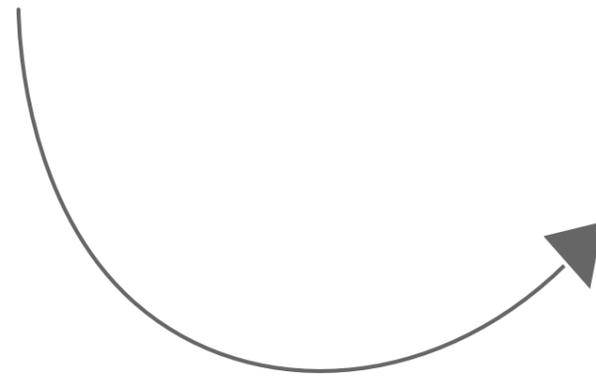

24

25

325

The universal thermal footmuff „LUKKY LOOK“ with removable lambskin inlay from KAISER provides warmth and comfort on the go and makes everyday life even cosier for children. It is the perfect companion on cold days. Whether in a buggy or sports car. The high-quality footmuff is lined with soft gray polar fleece. The removable sheepskin insert also ensures warmth and comfort. Thanks to the sheepskin, the footmuff has a heat-regulating effect and has the ability to absorb and evaporate moisture. The upper part of the footmuff can be completely removed. This transforms it into a cuddly seat pad. Of course, the sheepskin insert can also be used separately as a seat pad. So the footmuff is suitable for all seasons. The outer fabric is also wind- and water-repellent. When it's really cold, the head section, which can be pulled into a mummy shape with the help of a cord, keeps the child warm. Suitable for almost every pram, buggy or bicycle trailer. You can attach the footmuff to all prams with 3 and 5-point belt systems thanks to its continuous slot guide. An additional cap, which can be pulled over the stroller, provides an even better grip. Available in the following colors: 22 navy, 24 anthracite, 25 black, 325 black melange.

# MOONY 2in1/ PREMIUM

65765

Coral Fleece grey    Sherpa Fleece cream

The **MOONY 2IN1** is the footmuff that grows with your child. The bottom of the **MOONY 2IN1** can be easily removed with the two-way zipper. **Size 1:** 80 x 48 cm is suitable for carrycots and baby seats. The bottom of the footmuff can then be reattached for use in a pram. **Size 2:** 105 x 48 cm. Thanks to the **large slot** on its long side, it fits all standard prams. Extra draft protection is ensured by the wide zip cover and the upper section, which can be tightened into a cocoon. The handy reflector strips make you safe and seen at all times – even at dawn and dusk. The Coral / Sherpa fleece on the inside of the footmuff keeps your child snugly and warm. The inner and outer fabric is made of 100% polyester – the outer shell is windproof and water-resistant. Its continuous strap opening fits almost all bicycle trailers. Available in the following colors: 22 navy, 24 anthracite, 25 black, 33 red, 40 camel-cream, 251 black-cream, 311 sand-cream.

Sizes 1 and 2 are suitable for bicycle trailers  
 Sizes 1 and 2 are suitable for

- Flap for better support

## SHEEPSKIN DETERGENT

98000 / 98010

Our detergent with lanolin cleans all washable sheepskin products at 30°C without hesitation. Lanolin has a moisturizing effect and keeps the leather supple. With the brush you keep the fur fluffy and soft, superficial dirt can sometimes be removed with this.

98000 lambskin detergent 1000 ml / pack of 6  
98010 lambskin detergent 200 ml / pack of 28

## SHEEPSKIN BRUSH

99010

## HOW TO CLEAN IN THREE STEPS

### 1 Wash by hand at 30°C

Thanks to our special tanning process, our footmuffs can be washed by hand at around 30°C. However, we recommend taking your footmuff to a professional cleaner to be on the safe side.

### 2 Use the right detergent

You will have to wash your footmuff with a special fur detergent, because fat is removed from the fur during washing. Our lanolin detergent can be used to clean all medical sheepskin products at 30°C without any worries. Lanolin restores natural oils to keep leather soft.

### 3 Knead the leather

As the leather side contracts when drying, it is important to continuously pull both parts of the footmuff into shape. Please note that skins shouldn't be left to dry on radiators or in direct sunlight. The fur side can be treated with a special brush.

## BABY SHEEPSKIN

Mimosa / Natural White

- 69118 Naturweiß 80-90 cm
- 69119 Naturweiß 90-100 cm
- 69110 Mimosa Gerbung 80-90 cm
- 69111 Mimosa Gerbung 90-100 cm

Our cuddly soft baby lambskins are:

- Temperature balancing in every season
- Cool in summer, warm in winter
- Woolly, soft pads
- increasing well-being
- Accompanies your baby everywhere in the stroller, in the Jogger, in the playpen or as a changing mat

Our lambskins are:

- OEKO-TEX Leather Standard 100 Class 1 tested
- Sustainably produced, the raw material comes mostly from local sheep

Natural white lambskin: Synthetic tanning agent without color pigments, low-emission tanning. care: prof. Cleaning.

Mimosa lambskins: Vegetable tanning with mimosa tanning agent, which is obtained from the bark of the mimosa tree. The lambskins are not aggressively pre-treated or dyed. The original pigmentation

remains, i.e. natural stains are not covers. A natural beige tone is created. Care: prof. Cleaning.

Care video available on YouTube at:
